

PRELIMINARY INTERCONNECTION APPLICATION

I. STANDARD INFORMATION

Section 1. Customer Information

Name: _____

Contact Person: _____

Mailing Address: _____

City: _____ State: _____ Zip Code: _____

Facility Location (if different from above): _____

Daytime Phone: _____ Evening Phone: _____

E-Mail Address: _____ Fax: _____

If the requested point of interconnection is the same as an existing electric service, provide the electric service account number: _____

Additional Customer Accounts (from electric bill) to be credited with Net Excess Generation:

Annual Energy Requirements (kWh) in the previous twelve (12) months for the account physically attached to the Net-Metering Facility and for any additional accounts listed (in the absence of historical data reasonable estimates for the class and character of service may be made): _____

Section 2. Generation Facility Information

System Type: Solar Wind Hydro Geothermal Biomass Fuel Cell Micro Turbine (circle one)

Generator Rating (kW): AC _____

DC _____

Storage Battery Size (kW): _____

Expected Capacity Factor: _____

Expected annual production of electrical energy (kWh) of the facility calculated using industry recognized simulation model (PVWatts, etc): _____

Section 3. Existing Service Information

Does the meter need to be relocated? Yes No

Is there a need to upgrade the existing service? Yes No

Proposed amperage for new service entrance? _____

Will the installation require a temporary disconnect to install safely? Yes No

Solar contact for meter relocate/service upgrade work order.

Name: _____ Phone: _____

Section 4. Interconnection Information

Attach a detailed electrical diagram showing the configuration of all generating facility equipment, including protection and control schemes.

Requested Point of Interconnection: _____

Customer-Site Load (kW) at Net-Metering Facility location (if none, so state): _____

Interconnection Request: Single Phase: _____ Three Phase: _____

Section 5. Solar Billing

Once the solar installation has passed all necessary inspections, the account will be moved to a solar billing account. In an effort to increase accuracy and reliability regarding your usage information, we will be making a slight change to the date you receive your bill. The solar billing account could have a different billing date than the account you currently have. If you are set up on automatic payments (bank or credit card draft), those will still be active once the account has been moved over. Please call our office if you have any questions at 1.800.521.6144.

Section 6. Disclaimer

You acknowledge and agree that Ozarks Electric Cooperative (“Ozarks”) is not responsible for Third Party Services and/or third party solar panels or any other product related to the installation of solar panels. Third Party Services shall mean third party products, services, systems, installation, maintenance, and support in any way related to solar panel installation, panels, and systems. Ozarks will not be responsible or liable, directly, or indirectly, for any actual or alleged damage or loss caused by or in connection with Third Party Services. You acknowledge that Ozarks is not responsible for Third Party negligence, system failure, product defects, or other issues arising from Third Party Services. The use of Third Party Services is done at your own discretion and risk with your agreement that Ozarks is not responsible for any damage you experience as a result of the use of Third Party Services. Any warranty that is provided by a Third Party is provided solely by such Third Party, and not by Ozarks or any Ozarks affiliate.

Section 7. Signature

I hereby certify that, to the best of my knowledge, all the information provided by me in the Preliminary Interconnection Application is true and correct. By my signature, I acknowledge that I have read, understand, and agree to all provisions contained herein.

Signature: _____ Date: _____
